NATIONAL STOCK NUMBERS

Skydyne is a Veteran Owned Small Business and has been a leader in the defense industry since 1938; as such, we take great pride in producing products of only the highest quality for our War Fighters.

It is our mission to supply our troops and support teams with products in a timely manner that will ensure success on the

battlefield. Many of our products found here are utilized by the United States Government and have been assigned National Stock Numbers (NSN's). You can purchase our NSN's directly, or through Defense Supply Center (DSC)/Defense Logistics Agency (DLA) or General Services Administration (GSA).
