

# Komodo™

## Monitor Case Series

**Komodo Monitor Cases protect tv monitors during transit, allowing the monitors to be shipped horizontally (flat) and to withstand up to 3' drops without monitor damage. Skydyne offers Komodo cases for monitor sizes 50"-55", 60"-65", and 70"-75". We also have the ability to make custom sizes if needed. Additionally, a removable-casters and handle kit is included with each case purchase which allows one person to transport the case.**
